

## NUVOLA

Fornisce una luce diffusa per mezzo di una lampadina bispina. E' utilizzabile con lampadine a LED. Sono realizzate in vetro borosilicato soffiato e formato a mano. Sono disponibili in 3 differenti dimensioni (piccola, media e grande) con 2 finiture (trasparente e smerigliata). Anche in questo caso la luce fornita verso il basso è bianca.

Provide diffused light by means of a capsule light bulb. They work with LED light bulbs. They are made of handmade blown borosilicate glass. Three sizes are available (small, medium and large) in 2 finishings (clear and frosted glass). The light provided is white.
