

## BARRALED

Rosone a barra che contiene il trasformatore e al quale si possono sospendere, con il proprio cavetto di alimentazione a treccina, da due a sei corpi illuminanti. Il rosone, lungo 115cm, è disponibile in due finiture: color bianco e color alluminio. Si utilizza con corpi illuminanti della collezione con LED integrato.

Bar rose which houses the transformer and to which it is possible to suspend from two to six lighting bodies by means of their small power cables. The rose is 115cm long and is available in two colours: white and aluminium. Choose the lighting bodies from our integrated LED collection.
