

DIATOMEA

Fornisce luce diffusa per mezzo di una lampadina bispina. E' utilizzabile con lampadine a LED. E' realizzata in vetro borosilicato soffiato e formato a mano. E' disponibile in tre differenti dimensioni (piccola, media e grande) in finitura trasparente e iridata.

Provide diffused light by means of a capsule light bulb. They work with LED light bulbs. They are made of handmade blown borosilicate glass. Available in clear and iridescent glass in three sizes (small, medium and large).
